

# **CATCH MEMBERSHIP SURVEY**

2020/2021

## Survey Results

Thank you to all members for participating in this years survey. Its been a difficult year for many, yet we are extremely pleased that 100% of members who answered the survey are happy with the level of service we provide, and 94% would recommend CATCH membership to others!

Last year you asked us to introduce an online members list and a supplier directory. It is encouraging that a total of 60% of members have accessed these services since inception.

We also listened to members throughout the year and have continued to provide network meetings, blended where possible and 92% of those attended thought that the network met their needs.

We have received some great feedback in regards to the types of events you would like to see going forward and in what capacity - it seems most would like an option to dial in to meetings as well as meeting face to face.

We will continue to gather and review feedback throughout the year - however if you have any thoughts or suggestions, please contact the team.

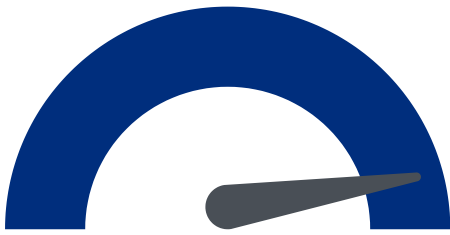

Best regards

Katie & Lisa

# 01

**92%**

Agree that CATCH Membership Networks met their needs

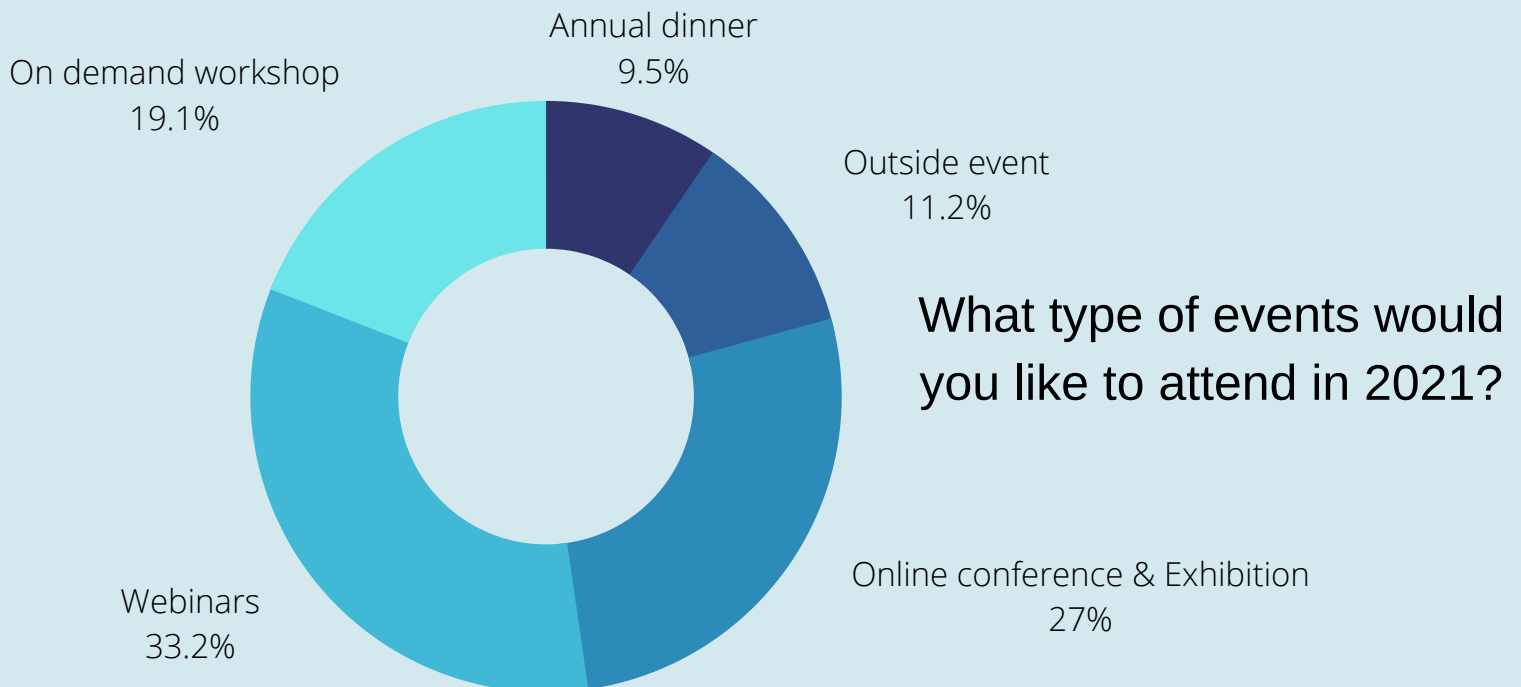

**93%**

Of members have attended 1 or more network meeting

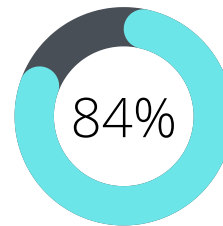

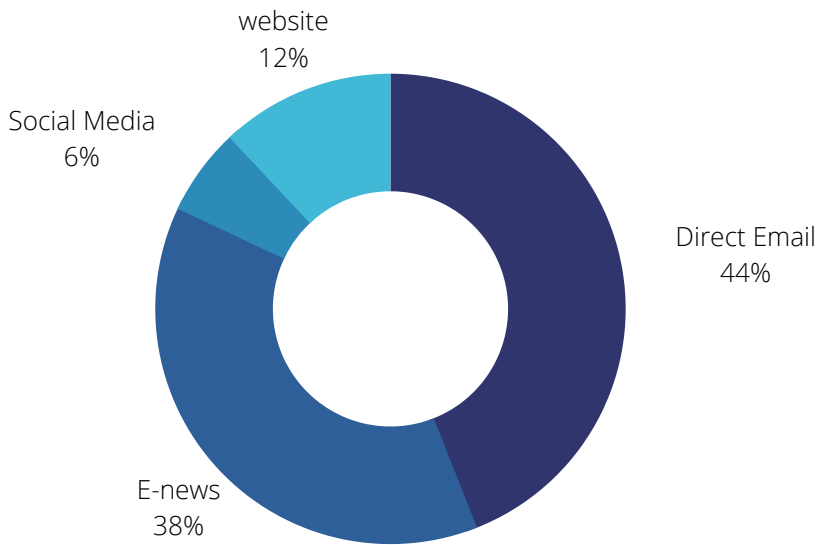

## NETWORKS & EVENTS

“Excellent networking and content at major hazards - eg link with HSE speakers which compliments my other networks - the content has helped me provide influence and lessons learned to a wide community within my organisation”

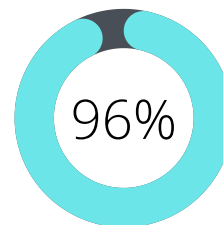

# 02 COMMUNICATION
